VIBRATIONAL HEALING

NOVEMBER 14-15, 2020

Vibrational Healing Techniques are a powerful addition to any Integrative, Holistic, Counseling or Energy Medicine approach to Health and Wellbeing as they connect deeply at all levels physical, emotional, mental and spiritual.

Art of Raising Frequency is at the forefront of Vibrational Medicine offering a unique approach to Health, Wellbeing and the Awakening of Divine Potential and Life Purpose. It is founded upon three series of Divinely Inspired creations by Barbara Evans, which interweave Color, Crystals, Sacred Geometry and Sound, plus the Language of Light and Activation Codes to support our Awakening. They create a powerful interactive living energy, far greater than the sum of its parts.

Art of Raising Frequency is easy to use and incorporate into a wide range of protocols. You will learn and experience *Art of Raising Frequency* protocols, and understand how to use ARF as a stand alone system for healing. Practitioners that are incorporating *Art of Raising Frequency* healing methods are reporting better results with less effort.
