

# Art of Raising Frequency “Gathering 2025”

October 11-12, 2025

Madison CT

Imagine... an amazing gathering of beautiful Souls who are on a mission to contribute to the creation of a New Earth and New Dream, and who are excited to explore and share the benefits of incorporating **Art of Raising Frequency™** (ARF) Energy Healing Tools, Approaches and Protocols into their Life and Work. This is a tremendous opportunity for both those who have been exploring **Art of Raising Frequency** for years and those who are BRAND NEW to this amazing Healing Modality.

The location for our second Fall “Gathering” is, once again, the home and studio of Barbara Evans, creator of the Art of Raising Frequency™ and founder of Crystal Wings Healing Art. We are located at 85 Liberty Street in Madison CT, a beautiful New England town on the Connecticut Shore of Long Island Sound. The house is a short walk from the water, a beach and Hammonasset State Park providing ample time to relax, reflect and recharge during the weekend.

The frequency that will surround you is very special... simply being present will offer an attunement to higher dimensional energies. At the Soul level, this is an opportunity to Gather, Share, Learn and Grow. Our intention is for the entire group to share their learnings and their gifts, and integrate them seamlessly into their life and work. “The Gathering” will be a very powerful weekend of healing and personal growth on many, many different levels. The collective frequencies of JOY, HEALING, PEACE and ABUNDANCE will be sent out to the Planet as we work and share together throughout the weekend. See us lighting up the grids of the Planet with pure LOVE!

We will be working with multiple energy healing tools, including Sacred Geometry artwork, Crystals and Alchemy Crystal Singing Bowls to activate our individual gifts to NEW LEVELS.

The weekend will be led by Barbara Evans, and we anticipate additional contributions from others who are willing to share their gifts and insights.
